Living close to nature

The farm's location is unique in Luxembourg as it is part of several **special conservation areas** of the natural habitats of flora and fauna. Moreover, it is situated in the area of sanitary protection of the lake of the «Haute-Sûre».

The FNEL contributes to the ecological conservation of this wonderful place through raising people's awareness about the environment in the spirit of scouting

Target groups:

- Local scout groups
- Youth organisations
- School classes
- Sport and cultural associations

Having fun on the farm as well as in its surroundings
